

I pay for satellite radio. I CHOOSE what stations I want to listen to. I enjoy the new traffic & weather and as well as other stations on satellite radio without having to lose my stations for the distance I travel. I travel some 150 miles to work and back every day. I currently own 4 satellite radios and would have it no other way. I do also listen to local stations, but most of what I listen to is on satellite radio. I wish the NAB would quit butting in to what the PUBLIC has asked for. They are biased and do not serve in my best interests.

Thank you, Judith McCoy
